

**DIGITAL DZONGA ADVISORY COUNCIL**  
**BROADCAST INFRASTRUCTURE WORKING GROUP**  
**TERMS OF REFERENCE**

**MISSION**

To assist the Digital Dzonga Advisory Council in facilitating a smooth migration from analogue to digital broadcasting by advising on what is needed to achieve a robust and reliable, state of the art broadcasting signal distribution network.

**TERMS OF REFERENCE**

1. Encourage co-operation by broadcasting signal distributors during digital terrestrial television (DTT) migration to ensure that maximum benefits are obtained from infrastructure in general.
2. Advise the Digital Dzonga Advisory Council on issues related to the broadcast frequency plan, the impact of RRC-06, WRC-07, the use of SFNs and MFNs and appropriate transmitter parameters.
3. Oversee the development of a comprehensive plan for DTT transmitter roll-out and analogue transmitter switch-off.
4. Identify and oversee the development of a plan to deal with installation issues related to DTT.
5. Advise the Digital Dzonga Advisory Council on available radio frequency spectrum for re-use during and after DTT migration.
6. Advise the Digital Dzonga Advisory Council on platform requirements for interactive TV services including the connection of MHEG-5 provisioning systems to the broadcasting signal distribution network.
